

How to use this file:

1. **Open** it in your Adobe Reader
2. **Single click** the **square** at the top left of the page (under Ningbo University). **Right click** gives you the option to pop out the player so you can pause.
3. Make sure to **join the discussions** *(it is an active learning after all)* by accessing provided links.

Landscape in urban context

Singapore and beyond

<https://miatedjosaputro.com/2020/02/22/la-in-urban-welcome/>

PART OF LANDSCAPE ARCHITECTURE MODULE

We will be discussing what are the concerns related to painting landscape in urban context through design precedents.

Photo by Asso Myron on [Unsplash](#)

Aim and objectives:

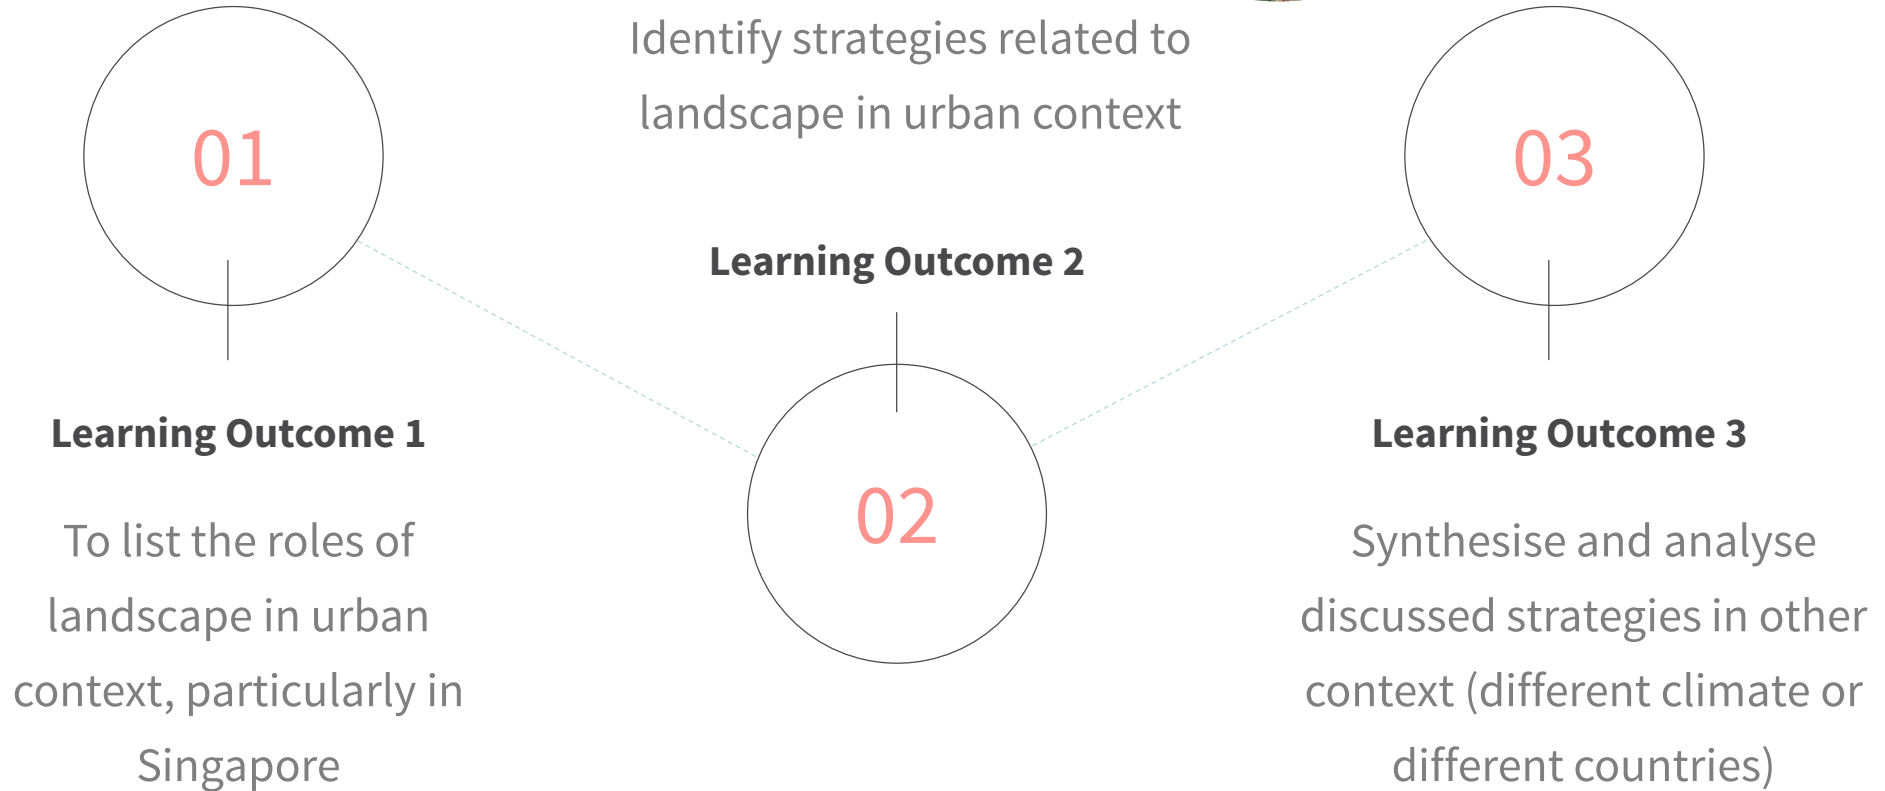

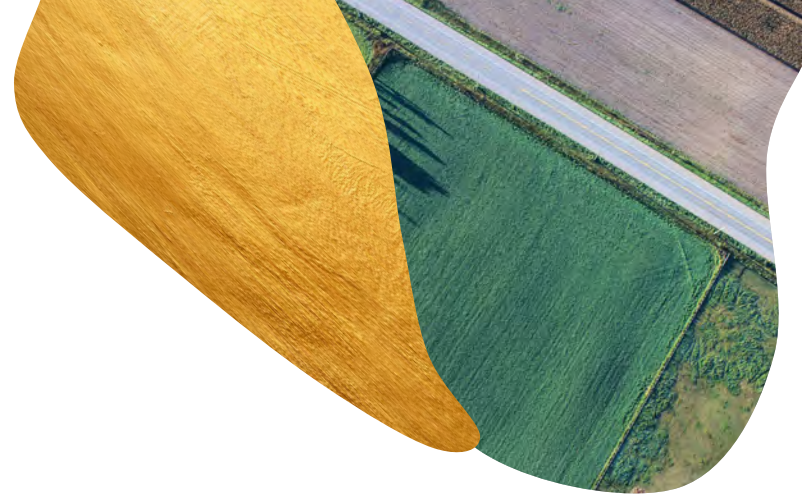

1. To enumerate possible scenarios of integrating landscape in high density living environment.
2. To present observations from case studies in relation to current literature in the area of urban landscape.
3. To facilitate critical analysis of landscape strategies.

Expected Los (Learning Outcomes)

Students will be able to...

Outline

Introduction
Case studies 1
Theoretical understanding
Discussion 1

In-depth case studies 2
Discussion 2

Theoretical lenses
Discussion 3

List of discussions

D1 Roles of landscape in high density urban context, use guiding questions.

<https://miatedjosaputro.com/2020/02/22/la-in-urban-context-d1/>

D2.1 How do these roles achieved in the Parkroyal on Pickering project?

<https://miatedjosaputro.com/2020/02/22/la-in-urban-context-d2-1/>

D2.2 How do these roles achieved in the Gardens by the Bay project?

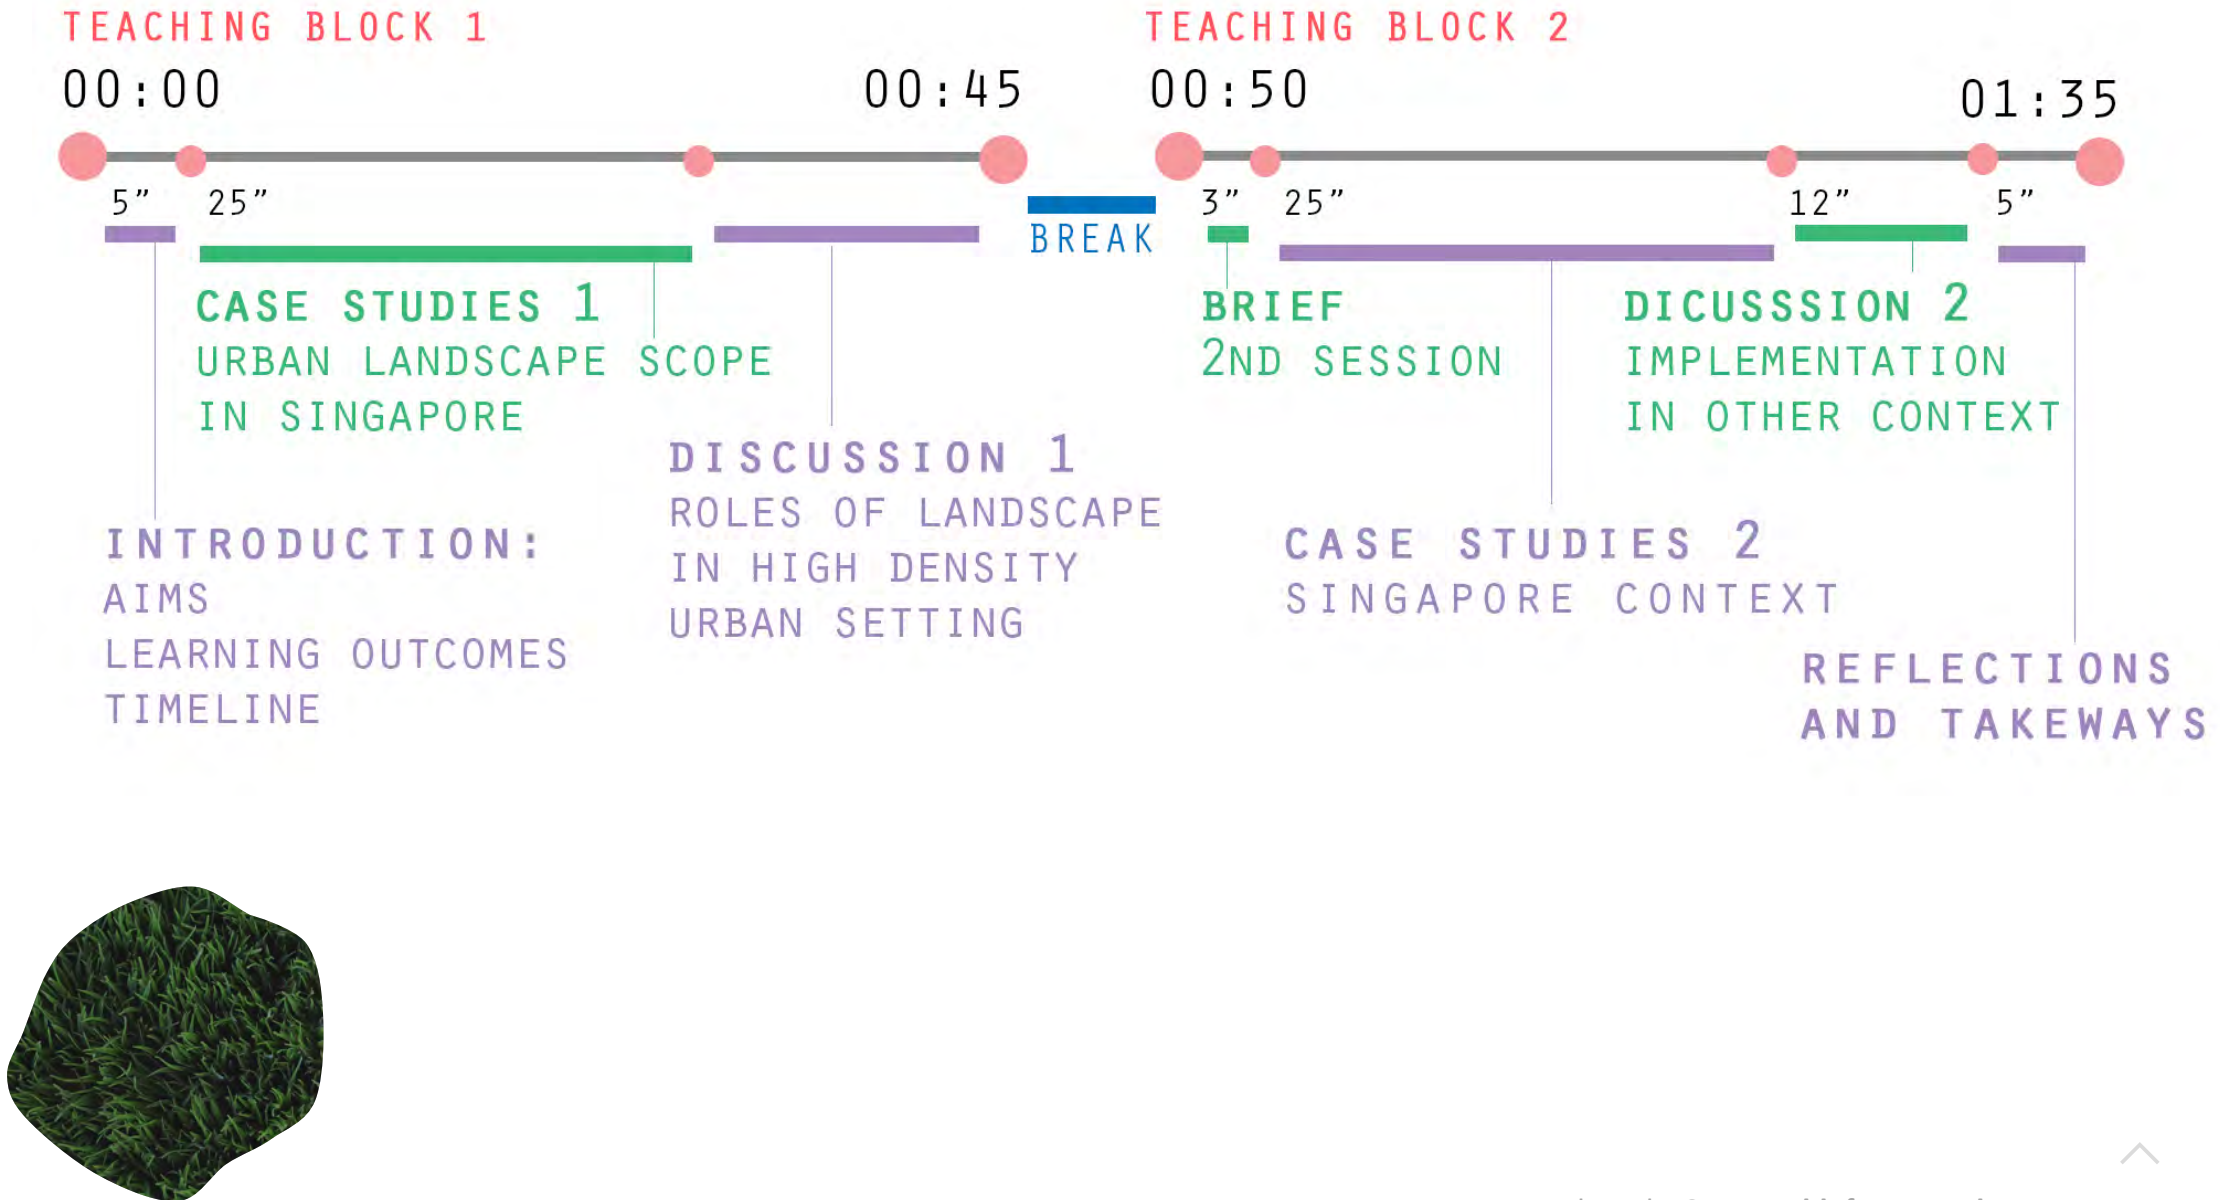

<https://miatedjosaputro.com/2020/02/22/la-in-urban-context-d2-2/>

D3 What are the considerations to be able to transfer the strategies to another context?

<https://miatedjosaputro.com/2020/02/22/la-in-urban-context-d3/>

award winning design practice.

Urban Landscape

The understanding is borrowed from
Tan and Rinaldi (2019):

*“As cities are socioecological systems,
we take a broad definition.... Referring
to not just predominantly green spaces,
but considering any area that is jointly
shaped by human and natural factors”*

Tan, P. Y. & Rinaldi, B. M. (2019). Landscapes for
compact cities. Taylor & Francis.
